THE CITY OF TORONTO.

The City of Toronto is situated on the northern shore of Lake Ontario, nearly due north from the mouth of the Niagara River. It lies on a plateau gradually ascending from the Lake Shore to an altitude of 220 feet, and covers an area (not including land covered by water and the Island opposite the City) of about 17 square miles. It is generally level with slight depressions at points where minor water courses formerly existed. The River Don flows through the eastern part of the City, and the River Humber along its western limit. The harbor in front of the City (a square mile in area) is formed by an island lying to the south of it.

The name of the City is of Indian origin, meaning "a place of meeting," the site in early times being a rendezvous for Indian tribes for council or war-like expedition. It first appears as a centre of trade in 1749, when the French built a fort and started a small trading settlement under the name of Fort Rouille. Its occupancy, however, was not long undisturbed, as British traders appeared soon from the south, and in the war between France and England the fort was burned in order to prevent English occupation in 1759.

CITY OF TORONTO—*Continued.*

Governor Simcoe chose the site of the City for the Capital of the Province of Upper Canada, and changed the name to York in honor of the Duke of York, son of the then King George III. The town was occupied by the U. S. forces in 1813, and the Legislative Assembly and archives were burned. Self-government was granted in 1817, and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto.

Since then its progress has been rapid and substantial, the population doubling every twenty years, until it is now the second city of the Dominion, and rapidly approaching first place. It is noted for its many fine public and other buildings, its parks and beautiful shade trees. The City being the Capital of Ontario, the business of the Province is carried on in the Parliament Buildings, a magnificent brownstone structure, beautifully situated in Queen's Park.

As a location for manufacturing and commercial establishments the City possesses many advantages for the production of almost every class of goods. The growth of the City in every direction is so noticeable that little need be said to prove its claim of having the most favorable conditions for the production and distribution of goods. It has water communication east and west to many important centres, to tide water and to more than one-half

the way across the continent, and has railways to provide exceptional trade handling facilities. In addition to the foregoing advantages, the City will, without doubt, in a short time be in a position to offer to manufacturers an abundant supply of cheap power from Niagara Falls.

The government of the City is vested in a Council, consisting of the Mayor and four members, forming the Board of Control (all five being elected annually by the citizens at large), and eighteen Aldermen (three being elected annually from each of the six Wards into which the City is divided.) The Council as a whole is the legislative body of the municipality, and carries on its legislative work through standing committees in the usual way. The Board of Control is the executive body, and as such is responsible for the preparation of the annual estimates and the supervision of matters relating to finance, the appointment of officials, the carrying on of public works authorized by the Council, and the general administration of the affairs of the City, except as to the Departments of Education and Police, the first being under the control of a Board of Education, elected annually by the citizens, and the latter under the Board of Police Commissioners, which consists of the Mayor, for the time being, the County Judge and the Police Magistrate.

Mayors of the City of Toronto, from the Date of its Incorporation in the Year 1834 to the Year 1907.

1834—William Lyon MacKenzie.
1835—Robert Baldwin Sullivan.
1836—Thomas D. Morrison.

Local Board of Health – Wednesdays at 3 p.m. as follows.....	1	5	3	7	4	2	6	4

Legislation and Reception Committee meets at the call of Chairman. Court of Revision when required.

City Hall.

The City Hall, situated on Queen Street West, between James and Teraulay Streets, is a massive brown stone structure, and contains accommodation for the Council and Officers of the Municipality, for the Board of Education and its Officers, and for the Courts of Justice (including the Police Court) and the various Judicial Officers connected therewith.

The site, expropriated in 1884, was originally intended for Court House purposes only, but it was subsequently decided to erect a combined City Hall and Court House thereon. The corner stone was laid on the 21st day of November, 1891, by the Mayor, the late Edward F. Clarke, M.P., and the work of construction continued for eight years, the building being formally opened for public business on the 18th September, 1899, by the Mayor, John Shaw, Esq.

In the tower of the building is a massive clock of British manufacture (the largest winding clock on the continent), and three bells, which are used for striking the quarter hours, half hours and the hours.

The dimensions, cost, etc., of the building are as follows:

Frontage	289 feet
Depth	283 feet
Circumference	1,328 feet
Total floor space	5.40 acres

City Assets and Revenues.

(From the City Treasurer's Budget.)

In considering the City debt, the value of the property and other assets possessed by the City should not be overlooked. The estimated value of this property is over $15,000,000, and a large amount of it is revenue producing. This valuation is exclusive of all the public works and services of the City, which have been provided at heavy cost to the taxpayers, and, though not available assets, are required for public use and convenience. The water lots owned by the City, the walks and gardens and other leasehold property, with the Market Block, yield an annual revenue of about $140,000, which will increase from year to year as the leases mature and are renewed. The total revenue from the City properties, exclusive of the Water Works, is about $150,000, and at 3½ per cent. represents a capital of over $4,000,000. In addition the City derives a revenue from licenses, police court fines, cattle market and weigh-house fees, and the street railway service (exclusive of that derived from the Water Works), of about $710,450. The estimated revenue this year from the Water Works is $510,000. These, with other revenues, bring the annual revenue of the City to upwards of $1,538,987, exclusive of the amount raised by taxation.

Estimates of the City of Toronto for the Year Ending 31st December, 1907.

Debt charges distributed as follows:	
General debt	$1,095,431

Tar macadam	5.70	"
Bitulithic	5.98	"
Unimproved roadways	80.17	"

Sidewalks—

Stone flag	7.17	miles.
Concrete	230.87	"
Brick	3.36	"
Wood	about 260.00	"
Sewers	240.31	"
Water mains	286.62	"
Gas mains	287.00	"
Street railway, single tracks	92.92	"

Births, Marriages and Deaths.

The number of births, marriages and deaths in the City of Toronto during the year 1906, as shown by the Registration returns is as follows:

BIRTHS, MARRIAGES AND DEATHS—*Continued.*

Births	5,985
Marriages	3,108
Deaths	3,960

All births and marriages must be registered at the City Clerk's Office, City Hall, within 30 days from the occurrence thereof.

Deaths must be registered at the same office before a permit to bury can issue.

Parents, or occupants of dwellings where births occur, are required to register births.

Clergymen officiating are required to register marriages.

Physicians attending are required to certify as to deaths.

Neglect or failure to register in either case renders parties liable to a fine not exceeding $10 and costs.

PUBLIC HEALTH.

The death rate of the City is 15.07 per thousand of population as shown by the census made by the police in 1905.

The public hospitals in the City are located as follows:

Toronto General Hospital, Gerrard Street East.

St. Michael's Hospital, Bond Street.

Sick Children's Hospital, College Street.

PUBLIC HEALTH—*Continued.*

Western Hospital, Bathurst Street.

Grace Hospital, College and Huron Streets.

St. John's Hospital, Major Street.

Riverdale Isolation Hospital for Contagious Diseases, Gerrard Street East.

The ordinary ambulances for cases of non-contagious diseases are under the control of the Police and answer to the call of "Main 222." The ambulance for cases of contagious diseases is in connection with the Health Department and answers to "Main 1746."

In all complaints of nuisances—drop a post card to the Health Department.

In case of accident, the patient, if of adult age and conscious, has the right to state to what hospital or where he wishes to be taken. In cases of children or those in an unconscious condition, the medical attendant, and in cases where there is no medical attendant, the Police, are supposed to direct the ambulance.

In cases where a person is found dead and no medical man has been in attendance, a coroner should be notified, who has authority to issue a warrant to bury after view, or order an inquest, as he may deem necessary.

POPULATION—AS SHEWN BY ASSESSORS.

ASSESSMENT—*Continued.*

Year.		Assessment Rate.	Tax for City and School Purposes.
1898	126,849,670	17	2,156,444
1899	125,633,292	17½	2,198,582
1900	124,992,959	19½	2,437,362
1901	128,318,703	19	2,438,055
1902*	133,844,955	19½	2,609,975
1903	138,588,605	19	2,636,183
1904	142,328,897	19	2,704,239
1905	149,159,206	19	2,834,025
1906†	167,411,678	18½	3,097,115
1907	184,283,085	18½	3,409,237

*An additional rate of $\frac{87}{100}$ths of a mill, producing $118,419, levied this year for school purposes.

†The large increase in the assessment for 1906 will be noted. This is the first assessment under the new Assessment Act which instituted the business assessment in lieu of the assessment of personal property. The increase of upwards of eighteen millions of dollars may be estimated as follows: On land, two millions; on buldings, seven millions; on business assessment (in lieu of the assessment of personal property), six millions, and on income, three millions. The assessment of North Rosedale, amounting to $326,000, is not included in above, as under the terms of the proclamation annexing the territory to the City, the taxation is to be four mills less than the general City rate for a term of twelve years.

Street Lighting.

Number of arc lights in use.....	1,283
Number of gas lamps in use.....	971

Arc lights cost 19c. per light per night.

Gas lights cost $25 each per annum, and are operated by the City.

Arc light contract expires Dec. 31st, 1910.

All street lights are to be lighted each and every night of the year, 30 minutes after sunset, and extinguished 30 minutes before sunrise.

Rates for Gas and Electric Lighting.

The rates for electric lighting are as follows:

For store and office purposes, 12 cents per thousand watts net.

For dwelling houses, churches, etc., 8 cents per thousand watts net.

Accounts are rendered monthly, and must be paid within ten days to secure these rates.

The rate for gas for all purposes is 75 cents net per thousand cubic feet.

Accounts are rendered quarterly, and must be paid within fifteen days to secure this rate.

Rates for Electric Power.

Power Used.	Rating.	Monthly Minimum.
Small and intermittent powers under 1 h.p., use	8c. per k.w. hour..	$ 1 00
1—2 h.p., use....	6c. " " ..	15 00
3—6 " "	4c. " " ..	25 00
7 h.p. and over, use.	3c. and 2⅞c. per k.w. hour according to contract.	50 00

On $100 monthly bills, 10 per cent. discount.

On $150 monthly bills, 15 per cent. discount.

The h. p. use is based on 10-hour power, or 3,000 h. p. hours per annum, and minimum applied to provide basis for rating.

WEATHER RECORDS—*Continued.*

1840—1907.

Warmest day, mean temperature, 84.5 degrees on the 14th July, 1868.

Highest registered temperature, 99.2 degrees on the 24th August, 1854.

Coldest day, 6th February, 1855, and 22nd January, 1857.

Mean temperature of each 14.4 degrees below zero.

Lowest registered temperature, 26.5 degrees below zero on 10th January, 1859.

Warmest year, 1898, mean temperature, 47.2 degrees.

Coldest year, 1875, mean temperature, 40.8 degrees.

Heaviest day rain, 3.88 in. on 27th July, 1897.

Heaviest day snow, 16.2 in. on 28th March, 1876.

Heaviest fall of snow in any winter, 123.5 in. in 1869-70.

Least fall of snow in any winter, 30.2 in. in 1877-78.

The above information is supplied from the Meteorological Office by the Director, R. F. Stupart, Esq.

Public Parks.

The Parks of the City, with area of each, are as follows:

High Park	375	acres.
Queen's Park	35	"
Riverdale Park	166	"
Exhibition Park	264	"

*Arrears of mileage.

In addition to the foregoing the Company is taxed on its lands, plant and buildings and in respect of its business in the same manner

as if it were ordinary business enterprises. Taxes for 1907 will be levied on an assessment of $2,050,225 and will amount to $37,929, exclusive of any local improvement rates for which the Company are liable.

Passengers carried in 1906 76,958,488
Transfers issued in 1906 28,159,558
Net profit of Company for 1906, after paying City's share $897,061.31

Percentage of operating expenses to earnings, for 1906, 52.9 per cent.

The portion of the gross receipts of the Company payable to the City annually under the Street Railway agreement is as follows: —

Up to $1,000,000 ..... 8 per cent.
From $1,000,000 to $1,500,000....10 "
From $1,500,000 to $2,000,000....12 "
From $2,000,000 to $3,000,000....15 "
All over $3,000,000 .....20 "

The mileage payable to the City annually is at the rate of $800 per single track mile (exclusive of turnouts).

Fares chargeable by the Company are as follows:

Cash fares, 5 cents each, good between 5.30 a.m. and midnight.

Night fares (cash), 10 cents each (for use between midnight and 5.30 o'clock a.m.).

STREET RAILWAY STATISTICS—*Continued.*

Tickets (sold by conductors on cars) as follows:

25 for $1.00; 6 for 25c., good at all times between 5.30 a.m. and midnight.

8 for 25c., good before 8 a.m. and between 5 and 6.30 p.m.

7 for 25c., good on Sundays only.

10 for 25c., good for school children between 8 a.m. and 5 p.m., except on Saturdays and Sundays.

Children under 9 years of age are carried at half fare. Infants in arms free.

Transfer tickets are issued free of charge to enable passengers to reach any point in the City for one fare.

The agreement existing between the City and the Company expires on September 1st, 1921.

PAYMENT OF TAXES AND RATES.

Taxes for 1907 are payable as follows:

1st instalment, including local improvement rates, July 10th.

2nd instalment, September 10th.

3rd instalment, November 11th.

Water rates are payable half-yearly, on May 31st and October 31st.

Cattle Market Receipts for 1906.

Cattle received	136,703
Sheep received	149,408
Hogs received	117,297
Calves received	23,958
Weigh fees	$6,392.39

Cattle Market Fees.

	Market Fees.	Storing Fees.
Amount to be received for 1907	$18,800	$20,151

Building Permits.

Number of Permits issued in 1906, 3,439.

Number of buildings erected during the year, 4,710.

Approximate value of buildings erected during the year, $13,160,398.

Local Improvement Works.

When the owners of property on any street or lane desire a sewer, sidewalk, pavement or curbing, or when the property owners in any locality desire the opening, widening, extension or diversion of any street or lane, application should be made to the City Engineer for a form of petition to the Council for the work or improvement. When such petition is signed by two-thirds in number of the owners representing more than one-half in value of the property to be benefited by the work or improvement, the Council may proceed therewith and assess the cost against the property benefited.

LOCAL IMPROVEMENT WORKS—*Continued.*

If the names of two-thirds in number of the property owners representing more than one half in value of the property cannot be obtained, the petition may nevertheless be presented to the Council, and if the Council on the recommendation of the City Engineer finds that the work is necessary, and in the public interest, it may direct that it be proceeded with, unless a majority of the property owners interested representing more than one-half of the value of the property to be assessed petition against the proposed work or improvement within a month after the Council gives notice of its intention to proceed with such work.

Notwithstanding any petition to the contrary, the Council, if it deems the same necessary in the public interest, and by a two-thirds vote, may proceed with any of the above-mentioned works and assess the cost thereof against the property benefited.

The following tables prepared by the City Engineer shew the approximate annual cost of different classes of permanent pavements and sidewalks. Similar information as to sewers cannot be given owing to variations in the cost of excavating different grades of soil. The City Engineer, however, will furnish an estimate as to the cost of sewers upon application being made therefor by property owners interested.

PAVEMENTS.

Roadway 24 feet wide with Concrete Curbs.

Description of Pavement.	Cost per square yard. (Estimated).	Cost per foot frontage.	Number of Annual Payments.	Cost per foot frontage per annum.
	$ c.	$ c.		cents.
Heavy Asphalt	2 40	3 66	10	45.1

Brick	4	0 70	10	8.6

Note—The concrete and brick sidewalks are guaranteed by the contractors for 5 years.

Water Works Stations and Equipment.

Main Pumping Station, foot of John Street on Water Front.

No. 1 Engine, 4,000,000 gals. capacity, 24 hrs.
No. 2 Engine, 8,000,000 gals. capacity, 24 hrs.
No. 3 Engine, (not in service).
No. 4 Engine, 10,000,000 gals. capacity, 24 hrs.
No. 5 Engine, 10,000,000 gals. capacity, 24 hrs.
No. 6 Engine, 15,000,000 gals. capacity, 24 hrs.

High Level Pumping Station, Poplar Plains Rd.

Two engines with a total capacity of 6,000,000 gals. in 24 hours.

Island Pumping Station.

One engine, 500,000 gals. capacity in 24 hours.

Water Rates.

Payment of Rates.—Water rates are payable half yearly, on May 31st and October 31st.

A discount of 20 per cent. is allowed upon all rates, except for water supplied on the Island and outside the City limits, when payment is made on or before the above-mentioned dates.

Schedule "A."

Scale of general water rates for dwellings.—Taking $1.50 per annum, the lowest rate, and rising 25 cents for each additional room and for each additional inmate as per schedule below.

WATER RATES—*Continued.*

Schedule "B."—(a) Meter Rates.

(1) To Manufacturers.

6¼ cents per 1,000 gallons when supplied to manufacturers, except any hereinafter referred to.

(2) To Brewers.

8¾ cents per 1,000 gallons when supplied to brewers and to manufacturers of non-intoxicating fluids.

(3) For Swimming Baths.

12½ cents per 1,000 gallons for colleges, clubs, and societies having swimming baths in such colleges, clubs or society buildings.

(4) For Other Purposes.

15 cents per 1,000 gallons to distilleries and for hoists, elevators, laundry, and all other purposes.

WATER RATES—*Continued.*

(5) Supplied for Use Outside the City.

30 cents per 1,000 gallons for water supplied outside the City limits.

(B) In addition to the foregoing the following charges will be made for the use of meters when supplied by the Corporation:

Size of Meter.

½-inch or ⅝-inch,	per annum	$ 4 00
¾-inch,	per annum	4 50
1-inch	"	5 00
1½-inch	"	7 00
2-inch	"	8 00
3-inch	"	15 00
4-inch	"	30 00
6-inch	"	50 00

(C) In addition to the rates for water supplied by meter measurement, and in lieu of the charge for the use of meters supplied by the Corporation, the following charges shall be made for placing, reading and examining meters for persons who may use meters purchased by themselves of a pattern approved of by the City Engineer, after the same have been tested and approved of by the said City Engineer:

Size of Meters.

½-inch,	per annum	$ 3 00
⅝-inch	"	3 00
¾-inch	"	3 00
1-inch	"	3 50

WATER RATES—*Continued.*

Size of Meters.

1½-inch,	per annum.....	4 00
2-inch	"	5 00
3-inch	"	10 00
4-inch	"	20 00
6-inch	"	30 00

(D) All repairs which may become necessary to such meters shall be charged for in addition to the foregoing figures.

Schedule " C."

For Water Supplied upon the Island (Season May 15th to October 15th).

The rates for the season shall be the same as are charged under Schedule " A " hereof, except that the minimum rate for domestic purposes, per family, shall be $5.00.

The rates for water supplied by meter measurement shall be fifteen (15) cents per 1,000 gallons, besides the charge for the use of the meter as provided in Schedule " B," except that the minimum amount payable by persons using meters shall be $5.00 in addition to the usual charge for rent of meter.

SPECIAL RATES.

Full information may be obtained at the Water Works Office (main floor, City Hall),

Amount of insurance paid	541,295
Loss on buildings with no insurance	5,381
Loss on contents with no insurance	16,959
Total loss over insurance paid	103,612

FIRE ALARM TELEGRAPH.

Directions to Give an Alarm.

Upon what may appear as correct information of a fire near your signal box, break the glass, unlock the signal box door and pull the brass hook on the inside door all the way down (once only) and let it go. If you are within hearing distance of the fire alarm bells or gongs, and do not hear the alarm sound in less than fifteen seconds, go to the next nearest box to the fire and do as before directed. The hook should not be pulled while the alarm is being sounded from some other box, nor before the expiration of at least thirty seconds after the alarm has ceased. No alarm should be given for a chimney only on fire, and no box

FIRE ALARM TELEGRAPH—*Continued.*

should be pulled more than once for the same fire, except by an officer of the Fire Department.

Never open the box or touch the hook except in case of fire.

Never give an alarm except from the box nearest the fire, unless you have first ascertained that the box nearest the fire will not work.

Do not try to take the key out of the door, as it is "locked in" and cannot be taken out without a relief key.

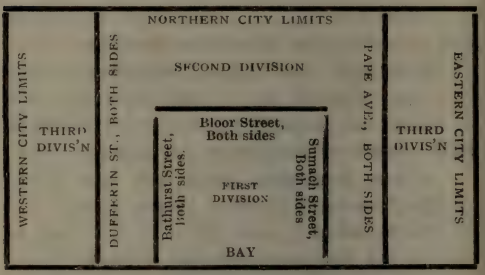
Tariff Relating to Cabs, Livery Carriages, Automobiles, Etc.

Every cabman on each occasion when his cab is hired shall, when demanded of him, hand a card, showing the cab tariff, to the person employing him.



No fare is to be paid to any cabman who refuses to hand such card to the person employing him, or who demands a greater rate than allowed by the tariff.

One or Two-horse Cabs.

Service.	First Division.	Fare.
One or two persons		50 cents.
Each additional person		25 "
	Second Division.	
One or two persons		75 "
Each additional person		25 "

TARIFF—*Continued.*

Third Division.

One or two persons $1.00
Each additional person ..... 25 cents.

The fare by the hour for one or four persons in a two-horse cab is $1.50, and for each subsequent hour, $1.50. Each additional person, 25c.

The fare by the hour for one or three persons in a single horse cab is $1.00, and for each subsequent hour, 75c.

Night Tariff.

The charges for cabs after 12 o'clock midnight to 6 a.m., shall be one-half more than the aforesaid tariff.

Children.

No fare shall be charged for children under eight years in charge of an adult. Children over eight years and under twelve years charged half-price; over that age, full fare.

Baggage.

One trunk, and articles that may be placed inside the cab, are to be carried free. For every other article placed on the outside of the cab the cabman is entitled to five cents.

TARIFF—*Continued.*

Automobiles.—For the first hour completed in conveying three persons, $3.00, and $1.00 per hour for each additional person, and for each subsequent hour or part thereof at the same rate.

EXPRESS AND CARTAGE TARIFF.

The following is the tariff of charges for express wagons and carts, and no higher or other charges are payable to any licensed expressman or carter:

For Vehicles in Class A.

For a wagon or vehicle drawn by three or more horses, or propelled by other motive power, for every hour or fraction thereof over one-half hour.....	$1 25
For the same for one-half hour or fraction thereof	65
For a wagon or vehicle drawn by two horses, for every hour or fraction thereof over one-half hour.....	1 00
For the same for a half hour or fraction thereof	50
For a wagon or vehicle drawn by one horse, for every hour or fraction thereof over one-half hour.....	50
For the same for a half hour or fraction thereof	35

TARIFF—*Continued.*

For Vehicles in Class B.

For a wagon or vehicle drawn by two horses, or propelled by other motive power, when engaged for a full day of nine working hours, $4.50; when engaged by the hour, fifty cents for every hour or fraction thereof.

For a wagon or vehicle drawn by one horse, when engaged for a full day of nine working hours, $3.00; when engaged by the hour, thirty-five cents for every hour or fraction thereof.

The above rates may be increased by fifty per cent. for any hour in which the vehicle is employed between 7 p.m. and 7 a.m.

"	1903	37,515
"	1906	40,926
Total amount of prizes paid to date		$933,620
Admission to the Grounds,	1883	171,765
" " "	1893	267,192
" " "	1903	527,320
" " "	1906	673,560
Admission to Grand Stand,	1903	135,043
" " "	1906	177,845

On the grounds are erected the following buildings:

Administration Building—A large commodious building which includes a Post Office, Bank, Customs Office, Banquet Hall, and public offices for the general management of the Exhibition.

Manufactures and Liberal Arts—This building is built entirely of brick and steel with a floor space of 95,000 square feet.

INDUSTRIAL EXHIBITION—*Continued.*

Machinery Hall and Electrical Building—This building is especially designed for heavy machinery and machinery in operation. It is equipped with ample steam power and shafting for the purpose, and has a floor space of 35,000 square feet.

Process of Manufacture and Implement Building—This is a modern brick and steel structure with 86,000 square feet of floor space. So far as can be learned, this is the only Exhibition building in the world devoted exclusively to the practical demonstration of Process of Manufacture.

Art Gallery.—This building, erected on the most approved plan of fire-proof construction, is the largest and most complete fire-proof Exposition Art Gallery on the continent.

Dairy Building—This building is built of cement blocks and has a floor space of 25,000 square feet. It is equipped with an up-to-date cold storage plant, and has in addition a fire-proof Auditorium which has a seating capacity of 1,500, which is used for lectures, demonstrations, butter and cheese making competitions, etc.

Horticultural Building—This building, built in the form of the letter "E," has a floor space of 45,000 square feet and is constructed of pressed red brick and steel with stone

facings. It is the handsomest Exhibition Building on the Grounds, having a dome which reaches the height of 100 feet.

Other Buildings—Other separate buildings for exhibits are:—Agricultural Building, Women's Building, Honey Building, Stove Building, Poultry, Pet Stock and Dogs.

There are also separate buildings for telephone, telegraph, police and fire protection purposes.

Live Stock Buildings—Comprise 26 Horse Stables, accommodating 1,400 animals; 16 Cattle Stables, accommodating 1,200 animals; 14 Swine Buildings, accommodating 900 animals; 4 Sheep Buildings, accommodating 600 animals.

Grand Stand—The new Grand Stand will have a length of 725 feet and a seating capacity of over 15,000 people. It will be absolutely fireproof, the construction being of steel and reinforced concrete. It overlooks a beautiful half-mile race track. In front of this Stand the Special Attractions and Fire-works are displayed.

PUBLIC LIBRARY.

Board of Management:

Chief Justice Falconbridge, *Chairman;* Mayor Coatsworth, Thomas W. Banton, Norman B.

LIBRARIES—*Continued.*
